

## *Menu for BD-HPP at H'UPO 2018*

### **APPERITIF**

Mentoring Day for early career researchers and mentors on Sunday, September 30 2018.

### **ENTRÉE**

**Sunday, September 30 (14:20-15:40)** BD-HPP workshop break out session is open to all HPP investigators and other scientist interested in the B/D-HPP.

Human Glycoproteomics Initiative (HGI) deputy chair Morten Thaysen-Anderson will present initial results of the glycoproteomics software cross-lab comparison study; 12 out of 25 laboratories have submitted analyses of the distributed serum glycopeptide mass spectrometric data.

Chair of the Human Kidney and Urine Proteome Project (HKUPP), Tadashi Yamamoto, will present recent achievements on urine peptide analysis and their application to understand human disease.

Chair of the Rheumatic and Autoimmune Diseases (RAD) HPP Francisco Blanco will present a clinical proteomics strategy for a more efficient management of rheumatoid arthritis patients

PediOme co-chair Vera Ignatovic is calling for new friends to join the party to improve child health through proteomics studies.

Maggie Lam will present an update on the strategy of [identifying high priority proteins across human diseasome](#) using semantic similar.

## *Menu for BD-HPP at HUPPO 2018*

### **MAIN COURSE**

BD-HPP sessions designed to engage all parts of HPP including the 4 pillars, as well as interdisciplinary and applied biology disease proteomics research. Each session features two invited speakers as well as selected orals.

**Monday, October 1, 2018 at 10:30 AM:** “Partnering with Pathology to Precision Medicine” – Stephen Pennington, Peter Stewart

**Monday, October 1, 2018 at 2:00 PM:** “Targeting the Proteome in Women’s Health” – Tony Whetton, Nur Yuedr

**Tuesday, October 2, 2018 at 10:30 AM:** “Metabolic Remodeling and Human Disease” – Cristina Alonso, Matthias Mann

**Tuesday, October 2, 2018 at 2:00 PM:** “Harnessing Our Immune System to Fight Disease” - Etienne Caron, Aleksandra Nita-Lazar

**Wednesday, October 3, 2018 at 10:30 PM:** “Human Chemosensation: Olfaction, Taste and Sight” – Andreas Keller, Danielle Reed

**Wednesday, October 3, 2018 at 2:00 PM:** “Unraveling Tissue Pathology Through Cell Mapping” - Cecilia Lindskog Bergstrom, Bernd Bodenmiller

HOUSE SPECIAL: ECR manuscript competition

### **DESSERT**

The Post-Congress HPP Day on Thursday October 4, 2018 will discuss a broad range of topics from science, technology, strategy to management. Come and participate in shaping the future of HPP.

### **DIGESTIF**

Celebration of Gil Omenn’s leadership of HPP.
